## FOOTHILLS BRASS

### Burnished brass from across the Rockies

From Alberta a unique brass quintet in the great tradition of Canadian Brass. Repertoire from the early days of St Mark's in Venice to the dazzling brass virtuosity of our own century. A memorable ensemble!

**FRIDAY, NOVEMBER 27, 1992**

## JOE TRIO

### Chamber music with a difference

Violin, cello and piano in a chamber music programme for people who think they may hate chamber music! This is a concert with a difference. The repertoire offers the great piano trio classics from the 18th century to the present, but the presentation allows you to join with these young artists in the pleasure of their creativity.

**FRIDAY, FEBRUARY 19, 1993**

## THE LITTLE EAGLES OF SIBERIA

### Children's Choir from Krasnayarsk

From Krasnayarsk, half way between Novosibersk and the dreaded Gulag, comes this unique children's choir of 28. These angelic voices (from a part of the world where angels were not supposed to tread!) offer music from Mozart to the folk songs of today. They sing in Russian, in German in English, and will delight you with their superb young professionalism.

**FRIDAY, APRIL 30, 1993**

## THE VICTORIA SYMPHONY ORCHESTRA

### Conducted by Peter McCoppin

Under Peter McCoppin, the Victoria Symphony is now touring regularly with forty musicians and this season with violin soloist, Nancy diNovo. They will play the fabulous Mendelssohn violin concerto, and the orchestra will offer works by Rossini and Beethoven. An event not to be missed.
